

1

Numbers worksheet: 1

▶ Say the number. Count, circle, and color.

Number worksheet 1: Guidelines for parents and guardians

Point to the figure 1 on the worksheet and practice saying the number with your child (One). Ask your child to say the names of the items in the worksheet. Then tell him/her to look again at the small pictures and find the item which only appears once. Help the child find the answer (the table) and circle the correct picture. Practice forming the figure 1 with your child. He/She can then trace the number in the center of the worksheet, either with his/her finger or with a pencil. He/She can then color the number.
