

# 8

## Numbers worksheet: 8

▶ Count the legs. Then draw an octopus. Trace the number eight.

## Number worksheet 8: Guidelines for parents and guardians

*Point to the figure 8 on the worksheet and practice saying the number with your child (Eight). Help your child count the legs on the octopus (there are eight) and say the number. Tell him/her to draw another octopus in the frame (with eight legs). Count the legs on the child's drawing together to check. He/She can also color the pictures. Practice forming the figure 8 with your child. He/She can then trace the row of numbers at the bottom of the worksheet, either with his/her finger or with a pencil.*
