

9

Numbers worksheet: 9

► Find nine and circle the correct picture. Trace the number nine.

Number worksheet 9: Guidelines for parents and guardians

Point to the figure 9 on the worksheet and practice saying the number with your child (Nine). Ask your child to say the names of the items at the top of the worksheet (if he/she knows them). Then tell him/her to look at the small pictures below and find the item which appears nine times. Help the child find the answer (the hat) and circle the correct picture at the top. Practice forming the figure 9 with your child. He/She can then trace the row of numbers at the bottom of the worksheet, either with his/her finger or with a pencil.
