

ADVICE LETTER

Before You Write

A Read the letter and the reply. Do you agree with Amy's advice?

<p>Dear Amy, I work in a store. My salary is low. The job is boring, but it's secure. Today I got an offer for a more exciting job with a better salary. But I'm afraid to change jobs. What should I do? Linda</p>	<p>Dear Linda, There are three things you can do. You can stay in your job, you can accept the offer, or you can ask for time to think about it. If you stay in your job, you won't take any risks. If you accept the new job, you will feel less secure. If you ask for time to think about it, someone else may get the job. So here is my advice. If you listen to your heart, you will know what to do! Good luck! Amy</p>
