

# 2

## Numbers worksheet: 2

► Colour the number. Colour and match.

2

## Number worksheet 2: Guidelines for parents and guardians

*Point to the figure 2 on the worksheet and practise saying the number with your child (Two). Ask your child to say the names of the characters in the pictures, not the animal names (Gina, Leo, Mike, Polly). Then explain that he/she needs to find pairs of animals that are the same and colour them in the same colour(s). Help the child point to pairs of pictures, counting aloud (One, two). Practise forming the figure 2 with your child. He/She can then trace the shape of the number, either with his/her finger or with a pencil. He/She can then colour the number.*
