

***Target Score* Second Edition Update Pack 2015**

The *Target Score* Second Edition Update Pack contains a number of revised pages from the Student's Book and Teacher's Book, and a number of revised audio tracks.

These revised pages and tracks have been provided for teachers and students who are using the 11th printing, 2015 version of the Student's Book. Customers can identify their version of the Student's Book from the information on page 2 of the book.

Teachers and students who are using an earlier printing are not affected and should not use the Update Pack.

The updated pages and tracks will be incorporated into the 12th printing, 2016 version of the Student's Book and the 2016 printing of the Teacher's Book.

The update pack will also benefit teachers who need to use the 12th printing, 2016 or later version of the Student's Book with a 2015 or earlier Teacher's Book.

The purpose of these revisions is to ensure that the Teacher's Book, Audio CDs and the audioscript at the back of the Student's Book correspond fully to a number of Student's Book photographs which were updated in the 11th printing, 2015 version of the Student's Book.
