FUN FACTS

- ✔ She is one of the most controversial British artists. Her works of art reflect her life. One of her most famous works of art features her bed.
- ✔ She married a large stone she found in her garden in France!
- ✔ She helps charities. She drew a sketch on a guitar Paul McCartney had signed so it could be sold for charity.
- ✔ She has got a twin called Paul.
- ✔ Many famous people own her works of art, including Elton John.
- ✔ She made a light sign for Kate Moss but Kate didn't have room for it so it ended up in a rubbish bin on the street.

Basic description:

During today's session we will create a light box. We have to tell the pupils in advance to bring the necessary materials, in this case, a cereal box, to make their work of art. We will start by presenting the artist Tracey Emin. We will ask what facts the pupils know about her. After this short introduction, we will explain the steps to follow. While the pupils perform the activity, we will ask them to remember different forms of renewable and non-renewable energy.

Lesson Plan:

First session: (15 min) Explain and talk to your children about Tracey Emin
(30 min) Steps 1-4 should be completed in the first session.

Second session: (30 min) Steps 5-7 should be completed in the second session.
(15 min) Close the session with a game related to the topic.

Game:

Play a game identifying renewable and non-renewable resources. Put the pupils into teams and set a time limit. They need to write down as many renewable and non-renewable resources as possible. The group with the most correct answers wins.

Learning Outcomes:

- ✔ Knows about renewable and non-renewable energy.
- ✔ Makes three-dimensional works with different materials planning the process and choosing the best way of doing it.

Step 1

Cut the front and back out of the cereal box.

Step 2

Write a slogan on the cardboard.

Step 3

Cut out the slogan.

Step 4

Tape the cardboard with the slogan to the front of the box.

Step
5

Paint the box black.

Step
6

Tape the tissue paper to the inside of the box to cover the slogan.

Step
7

Shine a light through the back of the box to light up your slogan.
