FUN FACTS

- ✔ 7 of the buildings Antoni Gaudí designed and built are protected as UNESCO World Heritage Sites.
- ✔ He planned 60 houses for the Park Güell in Barcelona, but nobody was interested. Only 2 were built.
- ✔ He was vegetarian.
- ✔ He had a reputation as being unsociable and unpleasant.
- ✔ Before his death, he was thought to be a beggar because his clothes were old and dirty.
- ✔ He was hit by a tram and died.

**Basic description:**

During today's session we will create a mosaic lizard. We have to tell the pupils in advance to bring the necessary materials, in this case, magazines, to make their work of art. We will start by asking if someone knows the artist Antoni Gaudí or his work of art *El Drac*. We will present them to the class. After this short introduction, we will explain the steps to follow. While the children perform the activity, we will ask them to remember the parts of the animals.

Lesson Plan:

First session: (15 min) Explain and talk to your pupils about Antoni Gaudí and analyse the main facts about *El Drac*.
(30 min) Steps 1-2 should be completed in the first session.

Second session: (30 min) Steps 3-4 should be completed in the second session.
(15 min) Close the session with a game related to the topic.

Game:

Play a brainstorming game to review parts of the body. Put the pupils into teams. Say the name of an animal or make its noise. Pupils write down as many of its body parts as possible. The team with the most words gets a point. The team with the most points wins.

Learning Outcomes:

- ✔ Knows parts of animals.
- ✔ Makes two-dimensional works with different materials, planning the process and choosing the best way of doing it.

Step
1

Draw a lizard.

Step
2

Cut up a magazine into small pieces.

Step
3

Glue the pieces onto your lizard.

Step
4

Show your lizard to your classmates.
