

## Plan

Think about places where you eat, shop, or do business. Which are very good? Which are very bad? Based on your experiences, write the three best and worst places.

### The Best

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

### The Worst

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

## Prepare

**A Group work** Find out the best and worst places in your city or town. Choose at least five categories (e.g., *pizzerias*, *coffee shops*, *Internet cafés*, *music stores*). Then write a questionnaire. Remember to leave space for answers and comments.

Start with this question:

*What do you think is the best . . . ?*

**B Group work** Ask at least ten people to complete your questionnaire. Be sure to give them enough time to answer the questions and write their comments. Then make a poster to display the results of each category.

## Present

**Class activity** Share your poster with the class. Explain the results and read the most interesting comments.
