Unit 8 Song: Guidelines for parents and guardians

Look at us. We're having fun.
Come and join in, everyone.

I'm riding a bike. Ting, ting, ting.
I'm driving a car. Vroom, vroom, vroom.
I'm flying a plane. Nee-eee-aow!
I'm flying to the stars.

Look at us. We're having fun. ...
(x2)

I'm driving a train. Choo, choo, choo.
I'm riding a scooter. Push, push!
I'm sailing a boat.
All aboard!
I'm sailing on the ocean.

Look at us. We're having fun. ...
(x2)

Point to the items in the pictures. Your child says sentences (e.g., I'm driving a train). Play the first two lines of the song. The child numbers the pictures in the correct order and says each sentence (I'm riding a bike). Do the same for the rest of the methods of transportation in the song (I'm driving a car, I'm flying a plane, I'm driving a train, I'm riding a scooter, I'm sailing a boat). Play the whole song again without pausing. The child points to each method of transportation as he/she sings.
