We would like to thank the authors who have contributed to this volume for their trust in our ability to see their work published and for their patience in dealing with our questions and suggestions. We especially wish to thank the learners who have, both anonymously and under their own names, had the courage to share their stories with a wider audience. Lastly, thanks are due to the following individuals from Cambridge University Press: to Mickey Bonin who encouraged us to publish this volume in the first place, to Alison Sharpe and Jane Walsh, who saw the project through when Mickey left the Press, and to Jacqueline French, who copy-edited the manuscript with exceptional care and sensitivity.
