She lives in the field where everyone goes
To be happy, not sad, to play and to run.
Today there are leaves on the ground – it's fun!

Every day Beth and Gwen run to see Jess.
'I'm winning today,' says Beth. 'Oh yes!'
But then there's a rock in the leaves and she falls!
And down on the ground to her sister she calls.

'Where are you going, Gwen? Come back to me!
I can't move my leg. Please come and see!'
But Gwen's winning the race. She's running so fast.
She looks, but she thinks, 'I don't want to be last'.

'Owwwww, my leg!' says Beth. 'Gwen, can you come?'
Gwen starts to feel sad and she stops her run.
She goes back and she says, 'I'm sorry, Beth.'
She helps her to stand and they go and see Jess.

Suddenly, Mum's standing over me. 'Alex! It's eight o'clock. We mustn't be late! You have a presentation at school today!' She's shouting and she's pulling off my blanket.

I jump out of bed and get dressed. Then I run to the bathroom, but my big sister's using it. I run downstairs to the other bathroom. My dad's using it.

Then Mum calls, 'Breakfast!' I run to the kitchen.

'Here's some chocolate milk and some fruit,' Mum says.

'But for breakfast, I always have ...'

'No time for that today!' Mum says. 'We must leave now!'

I start to say 'I must ...', but Mum says, 'Now, Alex!'

We run to the car and drive to school. All the lights are red.

When we get to school, I run to the assembly hall. All my classmates are there. They're smiling.

My presentation is good.

I'm very happy ... but then I go to the bathroom and look in the mirror.

I'm wearing my sister's shirt, my hair is going in all directions and I have chocolate milk around my mouth!

There are plants on his balcony and a garden on the roof.

His car's in the basement and his guitar's in his room.

There's a lift that goes up and down

To his flat in the centre of town.

Small village, in the small village, small village.

Machines make our lives easier. They can be simple machines with only a few parts or they can be complex machines with lots of parts. Simple machines always need our energy to make them work. We have to pull or push them. A swing in a park is a simple machine. Some complex machines need our energy too, like a bike. A bike is a complex machine with many different parts. Many complex machines need electricity to work, like a computer. Machines help us at home and at school or at work. We use machines every day.

Surprise!

Boy: Today is my mum's birthday and we're having a surprise party for her. There are lots of sandwiches and a chocolate cake. All the family are here. Well, not everyone. Where's Mum? She works in the town centre, but she's usually home at five o'clock.
Dad's calling her and he's texting her, but she isn't answering. My cousins are talking about their party hats. 'My party hat's bigger than yours,' Mary says. 'Well, mine's nicer than yours,' Joe says.
'Oh dear, no-one's having fun,' I think. The music's playing, but people aren't dancing. It isn't a good party.
Now Uncle Paul and Grandma are standing on the balcony upstairs. They can see the street from there.
Then Dad's phone rings.
'Hello?' Dad says.
'Is that Mum?' I ask.
'Yes!' Dad answers.
'Put her on speaker phone! Let's all listen!'
Now we can hear Mum. 'Sorry I'm late, but my friends at work are giving me a surprise party.'
'But Mum,' I say, 'we're having a party for you here!'
'Really?'
'Yes, but it isn't a surprise now!'

'What can we do?' Joe and Mary ask.

'I know!' I say. 'Mum! Invite your friends home! We can all have one big party.'

Uncle Paul sees them first. 'There they are!' he calls. We all go upstairs to the balcony. 'Look! Here they come! They're dancing in the street. And I think your mum's singing, Max!'

'Wow, now everyone's happy and we're all having fun! It isn't a surprise, but it's a great party.'

Mr Field: Yes, and my grandpa doesn't like those!

Track 4.17

Paul: Hello, Mr Field. Are those photos of your new flat?

Mr Field: Yes. It's in the town centre.

Paul: Your daughter's a grown-up now. Does she live here?

Mr Field: No, but she often comes here. She works at a garden shop in the town centre.

Paul: Does she like your flat?

Mr Field: Oh, yes! She likes the windows in the living room because they're bigger than hers, but her favourite thing is the balcony. It's got pink and yellow flowers.

Paul: Are there stairs?

Mr Field: Yes, and my grandpa doesn't like those! So his favourite thing about my new home is ...

Paul: The lift! How old is he?

Mr Field: He's 92 now and his legs are getting weak.

Paul: Have you got an uncle or an aunt?

Mr Field: Yes, my Aunt Jill lives in these flats too. And she really loves the roof!

Paul: Why's that?

Mr Field: Because it's new – and better than the old one! Aunt Jill lives on the third floor and now she doesn't get water in her flat on a bad day!

We can classify, or put animals into groups, when we know what they eat.

There are three groups: carnivores, herbivores and omnivores.

Carnivores only eat meat and fish. Tigers and sharks are carnivores.

Herbivores only eat plants. Kangaroos and rabbits are herbivores.

Omnivores eat meat and plants. People and chickens are omnivores.

Track 5.15

Why the kangaroo has a pouch

One morning a mummy kangaroo's near the river. She's playing with her joey. A joey's a baby kangaroo.

But what's that noise? The kangaroo looks and sees a very old wombat. The wombat's crying.

'What's the matter?' the kind kangaroo asks.

'I can't see and I need to eat and drink. I haven't got any friends to help me!' the wombat answers.

'I'm your friend,' the kangaroo says. 'Hold my tail.'

The wombat holds the kangaroo's tail and she takes him to the river. 'Here! Now you can drink,' she says.

Then she takes the wombat to the greenest grass and says, 'Here! Now you can eat.'

The kangaroo's kind to the old wombat all day. When it's late, she says goodbye to him and she looks for her baby. Where is he? She can't find him! 'Joey! Joey! Where are you?' the kangaroo shouts.

It's OK. He's asleep below the biggest tree. The kind kangaroo finds him and goes to sleep, too.

The next day she wakes up and sees a pouch. She puts her joey in the pouch. Then she sees the old wombat. 'Look! This pouch is brilliant, but where does it come from?'

'It's my present to you. You're the kindest kangaroo that I know,' the wombat says.

And from that day, all mummy kangaroos have pouches to carry their babies.

When we want to know about the weather, we can listen to a weather report on the radio or watch the report on television. Scientists study the weather in weather stations and send the information around the world. They have special instruments that help them.

They use a thermometer to measure how hot or how cold it is.

They use a rain gauge to measure how much rain falls.

They use a weather vane to show the direction of the wind.

Scientists can use this information to make weather maps and reports.

I love splashing at the pool! How about you?

Today Mr Friendly's giving the children a cooking class at their school.

Mr Friendly: Good afternoon, everyone. Today we're making some different things to eat. First, the vegetables. OK. Jenny, what kind of sandwich have you got?

Jenny: Well, there was some bread and cheese, so I've got a fantastic cheese sandwich.

Mr Friendly: OK, can you put it on that green plate, please? Now, Jim, what kind of soup have you got in that blue bowl?

Jim: There were lots of vegetables. There were some potatoes, carrots and onions, so I've got a nice bowl of hot soup.

Mr Friendly: Hot vegetable soup and a cheese sandwich make a great lunch! It's cold outside, but it's very hot in here. Now, Tom, what's in the red bowl?

Tom: There were some beans and tomatoes and there was some pasta, so we've got some pasta in the red bowl, and we've got a green salad in this purple one.

Mr Friendly: And what's in that yellow bottle?

Eva: It's lemonade. Would you like a glass of nice, cold lemonade?

Plants are beautiful and important for us too. We need oxygen and plants give us oxygen when they make their food. We can also use plants for many different things.

We use trees to make paper, chairs and tables.

We use cotton to make clothes.

We use many plants for medicines.

We can use aloe vera to make sun creams.

We eat plants, but we also make a lot of food with them. We make flour from the wheat plant and we use flour to make bread, pasta and cakes. Chocolate, tea and coffee also come from plants.

Sonny's dream job

Woman: Sonny was a big, brown bear. He loved food and he loved cooking. Every Saturday, he helped in the kitchen of his uncle's café, but he wasn't a cook. He

washed plates, bowls, cups and glasses. The cooks were always angry and the waiters shouted, 'More vegetables for table 3!' Sonny didn't like the job, but he worked there because he wanted to be a cook one day. He also helped in the kitchen at home because he wanted to practise.

One Saturday, everything changed. Sonny got to the café and said, 'Good morning, Uncle Raymond.'

'It isn't a good morning,' his uncle said. 'I haven't got any cooks today because they aren't well. They're ill. And Selina Redman is coming for lunch today. Selina Redman!'

Selina Redman was a famous cook. Everyone watched her TV show *In my kitchen*.

'Can I cook, Uncle Raymond?'

'You can't cook, Sonny! Your job is to wash the dishes.'

'But I cook every day at home,' Sonny said.

Uncle Raymond said yes ... and Sonny started making his favourite pasta.

That day, after lunch, Selina Redman asked Sonny to come to her table. 'Did you really boil that beautiful pasta?' she asked.

'Yes, I did,' Sonny answered.

'And do you like cooking?'

'Yes, I do,' Sonny said. 'I want to be a famous cook like you one day.'

'Well,' Selina said, 'I have an idea. I'm looking for a new pasta cook. My pasta cook is going to Paris. How about helping me on Saturday afternoons in Restaurant Redman?'

'Me?' Sonny asked. 'But what about the other cooks here?'

'They didn't cook that lovely pasta! That was you! Now, tell me, how did you cook it?'

Tom's first day on the school bus

Tom and his mum stood at the school bus stop.

A small red bus stopped in front of them. The doors opened.

'Go on,' Tom's mum said.

'I don't want to,' Tom said.

'But you have to!' she said kindly and gave him a little push.

The big doors closed.

Tom didn't believe what he saw.

The bus was very big inside and it had blue walls with flowers on them. There were lots of happy children sitting on the purple seats.

The friendly driver smiled.

'Good morning, Tom. Welcome. I'm Brenda and this is your bus buddy, Bruno!'

'Hi, Tom. This is your seat, next to mine,' Bruno said.

When Tom sat down, Brenda called, 'Put on your seatbelts everyone, please!'

The bus went higher and higher. Tom saw his town below. It got smaller and smaller.

'Oh look! There's the sports centre! And there's the market!' he said.

The bus went up and down like a ride at the funfair.

After a few minutes, Brenda said, 'OK, get ready. We're coming down to the bus stop.'

At that moment, Tom heard his mum say, 'Tom! Tom! You have to get up. We don't want to be late. You have to catch the bus.'

'Oh no!' Tom thought. 'It was all a dream.'

'Do I have to catch the bus, Mum?' Tom asked.

'Yes, you do. But don't worry!' his mum answered.

Finally, the school bus came. It was small and red. The doors opened.

Tom looked up and saw Brenda from his dream.

Track 9.11

Girl: Hi, Charlie. Did you know the circus is in town?
Charlie: Yes, Mum got tickets and we went last week.
Girl: Did you? Did you enjoy it?
Charlie: Yes, I did! I think the circus is the most exciting place in the world.
Girl: Really? Do you think it's more exciting than a funfair?

Charlie: Oh, I don't like funfairs. I'm frightened on the rides.

Girl: Yes, but a circus is sometimes dangerous. Lions are one of the most dangerous animals in the world.

Charlie: Lions?! There weren't any animals. The best circuses never have animals. The most dangerous thing was when a woman jumped from a swing in the air, and a man caught her.

Girl: Wow! Were you frightened?

Charlie: We were all a little frightened, but my dad was the most frightened. He had to put his hands over his eyes and he only listened to the music. He thought it was the most beautiful music in the world, so he bought the CD.

Girl: Does he often play it?

Charlie: Yes, but when he listens to it, he goes to sleep!

The mystery picnic

Richard gave a picnic for the children in Year 2.
He planned it very carefully to make it fun to do.

Come to my picnic, everyone – a picnic in the wood!
I'm hiding clues for you to find. I think the clues are good!

Some of the clues were difficult, but they were also fun!

More difficult than a TV quiz – exciting for everyone!

Richard walked into the sunny wood and he hid the clues around:

Some were above, in the trees, and some were on the ground.

When they looked for the clues, the first was easy to find:

Walk past ten trees, please. Then look on the grass behind!

'One ... two ... three, four, five, six, seven, eight, nine, ten!

Now let's look and find the clue.' 'Hey! There it is!' said Ben.

The children found the second clue and everyone started to laugh

Because it said they needed to find the most amazing giraffe!

Finally they saw it! 'Hey! Look there! Can you see?

It's in the shape of a giraffe, but really it's a tree!'

The children ran from tree to tree finding all the clues. When they reached the last one, it really was good news.

I hope you're feeling hungry. One hundred steps to go

To the most fantastic picnic! You're very near, you know!

Twenty, thirty, forty, fifty! They had to cross a river, So they all took off their shoes. The cold water made them shiver.

Sixty, seventy, eighty, ninety, a hundred! What a treat!

Richard with his picnic! There was lots and lots to eat!

Track 9.15

Hi! I'm Jack. My friends and I made lunch yesterday and we had it in the garden. Everyone helped to make the food and we were very hungry! Zoe made tomato soup and my mum put it in her biggest bottle for us. Sam made some cheese sandwiches. Daisy's food was the most delicious. She made potatoes and salad, but then she saw a rabbit in the garden. She was surprised and she dropped her plate! Lily helped me make some pasta. She said pasta was boring, so she ate hers with tomatoes and cheese. I think my pasta was more exciting. I cooked lots of vegetables with mine. We all sat under a tree and it was a nice sunny day.
