One of the founders of Conversation Analysis, a type of Discourse study, is Emmanuel Schegloff. You can follow the link on his homepage

<http://www.sscnet.ucla.edu/soc/faculty/schegloff/> to Publications Archives and download his articles (many are hard to find or from conferences).

Centre for Discourse Studies, Aalborg University (Denmark) holds a summer school that focuses on innovative research in discourse studies and its application to a variety of settings and data sets. The site discusses recent trends in discourse studies and how to apply approaches in discourse studies to 'real world' problems.
