College art student

Years of education: **12**

Income this year: **0**

Total wealth (all assets): **INR 1,00,000 (1 lakh)**

Age: **19**

You are a first-year student at a state college. You have two sisters and one brother, all younger than you. Your parents can support you for one more year, then they will expect you to pay all your own expenses by working. They have taken a loan to pay for your education and you would like to pay them back as soon as possible. Eventually you would like to get a master's degree in policy and governance and work in an NGO.
