

Group 2 Role Card

Teacher

Years of education: **16**

Income this year: **INR 7,00,000 (7 lakhs)**

Total wealth (all assets): **INR 10,00,000 (10 lakhs)**

Age: **40**

You are a middle school maths teacher. You are married and your spouse also works. Your spouse's income is INR 10 lakhs a year, and your family income is INR 17 lakhs. You have two children who go to an expensive private school. If possible, you would like to start a college fund for your kids and move into a larger house. But tuition and housing prices are rising.
