

Figure 10.5. Profiles of ^{222}Rn , ^{226}Ra , and temperature in the surface waters of the subarctic Pacific Ocean. Open symbols are ^{222}Rn data from profiles taken on different days; filled squares represent ^{226}Ra data. Units for ^{222}Rn and ^{226}Ra are dpm (100 l)⁻¹. From Emerson et al. (1991).
