

The figures illustrated are from 1400 crop cost records collected in the period 1948-54 by the Economics Section of the Department of Agriculture of Leeds University, and the author is greatly indebted to Mr Harwood Long, M.A., and to Miss M. C. Mathieson, M.Sc. (Agric.), B.Sc. (Econ.), for permission to use them. For full discussion of the data see 'The Use of Labour in Yorkshire Farming', *Leeds University Farmers' Report*, 130, November 1956.
