

e) Sea-level constant

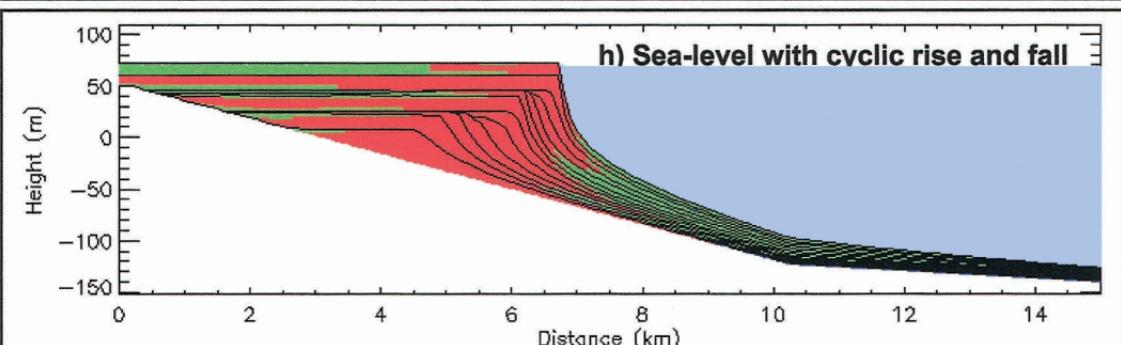

f) Sea-level with linear rise

g) Sea-level with linear fall

h) Sea-level with cyclic rise and fall

- [Green square] Platform interior carbonates
- [Red square] Platform margin carbonates
- [Pink square] Coarse reworked margin carbonates
- [Cyan square] Fine reworked margin carbonates
- [Dark Blue square] Pelagic carbonates
- [Yellow square] Coarse siliciclastics
- [Grey square] Fine siliciclastics

Age = 1.75419 Ma
